65 L collector

Easy clean

224 cm³, 6 PS
Engine power

Hybrid start

Thanks to the foldable handle, the lawn mower can be transported easily and without taking up much space.

Easy Clean - cleaning function with water connection.

7 cutting heights

25 - 75 mm

The central cutting height adjustment is in 7 steps from 25 to 75 mm.

21" PETROL LAWN MOWER

- Powerful 6 HP / 4.4 kW, 224 cc 4-stroke petrol engine
- XXL cutting width of 56 cm
- Suitable for gardens up to 2200 m²
- With professional gearbox for extra high torque and particularly high performance
- Integrated cutting-deck cleaning function for lightning-fast cleaning
- Robust 65 L collection box
- Double folding handle for easy and extreme space-saving storage
- Integrated side and rear ejection and mulching function for professional results
- Easy mowing, even on slopes, thanks to the selectable propulsion drive
- Central cutting height adjustment in 7 steps (25 – 75 mm)
- QE5 low-emission engine
- Handle at the front for easy transport

PETROL BRUSH CUTTER

- High-performance petrol-powered brush cutter – grass trimmer and line trimmer in one
- Adjustable bike handlebars with two-hand guidance allow ergonomic working
- Grass trimmer cutting width 420 mm/brush cutter cutting width 255 mm
- High-performance 0.9 kW/1.21 horsepower 2-stroke petrol engine, 32.5 cc
- Easy to operate and control using stop switch and throttle lock
- Pull starter with Easy Start so the tool can be started effortlessly
- Anti-vibration technology allows ergonomic working with low vibrations
- Dual-line coil with touch control to allow line extension (Tap'n'Go function)
- Easy assembly/disassembly for space-saving storage
- Shoulder strap for extended use

- ✓ Grass trimmer
- ✓ Brush cutter

Fuel mixture 1:40

Advantages of a 2-STROKE ENGINE:

- Simple and compact design
- Engine consists of fewer components and therefore requires less maintenance
- Low weight compared with a 4-stroke engine
- Simple system for engine lubrication

Powerful 1.22 HP 2-stroke petrol engine

Shaft can be separated

Adjustable bike grip

- Dual-line coil with touch control to allow line extension (Tap'n'Go function)
- Easy assembly/disassembly for space-saving storage
- Shoulder strap for extended use

- ✓ Grass trimmer
- ✓ Brush cutter

No fuel mixture required

Advantages of a 4-STROKE ENGINE:

- No petrol-oil mixture required, standard petrol can be used instead
- Exceptionally smooth operation results in fewer vibrations, thus reduced noise pollution
- Low fuel consumption allows longer working time and fewer emissions
- Better torque delivery, even at low speed

MULTIFUNCTIONAL PETROL DEVICE

- High-performance, petrol-powered multi-function device combines 4 functions in one tool: grass trimmer, brush cutter, hedge trimmer, pole-mounted pruner
- High-performance 1.4 kW/1.9 horsepower 2-stroke petrol engine, 52 cc
- Grass trimmer: 2.5 mm dual nylon line, touch control, 420 mm working width
- **Brush cutter:** 3-toothed blade made of special steel, 255 mm working width
- **Hedge trimmer:** 390 mm cutting length, angle adjustment + 90°/0°/-75° (165°), 24 mm maximum branch diameter, durable quality blade made of laser-cut steel
- **Pole-mounted pruner:** 260 cutting length, max. 18 m/s cutting speed, automatic chain lubrication, ProCut blade & chain
- Shoulder strap allows extended and fatigue-free working
- Easy to operate and control using stop switch and throttle lock
- Pull starter
- **Anti-vibration technology** allows ergonomic working with low vibrations

Dimensions L x W x H	2650 x 100 x 150 mm
Cutting diameter	20 mm
Blade length	500 mm
Cutting length	410 mm
Total length	2590 mm
Max. cutting speed	1000 rpm
Motor	230 – 240 V / 50 Hz
Input	1000 W

LOGISTICAL DATA

Weight net / gross	6.8 / 8 kg
Packaging dimensions	1160 x 180 x 115 mm
Article number	5910510901
Barcode	4046664225522
20 Container	1100 pcs
40 Container	2385 pcs
40 HQ Container	2760 pcs

EXAMPLES OF USE SUITABLE FOR

Shrubs

Hedges

Bushes

The tool can be stored without needing much space because its shaft can be separated.

PRODUCT DETAILS

Blade length 500 mm /
Cutting length 410 mm

Cutting diameter 20 mm

Max. cutting speed
1000 rpm

Powerful 230 –240 V –
1000 W motor

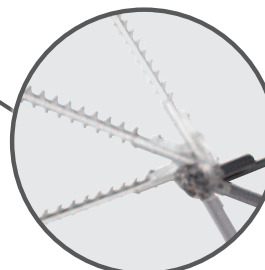

**Practical
strain relief**

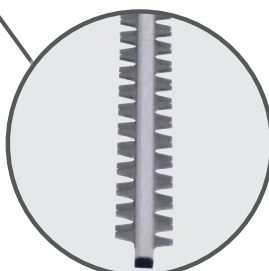

Shoulder strap
allows fatigue-free work

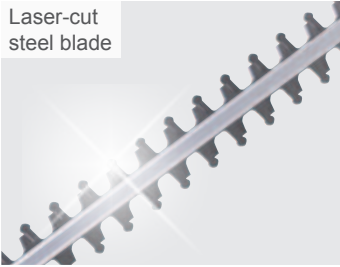

Cutting head
can be adjusted in 10
steps from 0° to 135°

Laser-cut steel blade
ensures maximum effectiveness

Cutting capacity
max. 24 mm

- ELECTRIC HEDGE TRIMMER**
- Powerful Electric hedge trimmer for easy, reliable cutting of hedges and shrubs
 - **Powerful 600 W motor**
 - Suitable for a maximum **branch diameter of 24 mm**
 - **Maximum cutting speed 1500 rpm**
 - **Handle can be rotated within the range of -90° – +90°**
 - Practical strain relief
 - Emission-free work, thanks to electric motor
 - **Blade length 710 mm / maximum cutting length 610 mm**
 - Handschutz sorgt für maximale Sicherheit bei der Bedienung
 - Durable, laser-cut steel blade ensures maximum effectiveness

Rotatable
handle

Hand guard

ELECTRIC CHAINSAW

- Powerful **2.4 kW motor** delivers consistent output for prolonged use
- **18" bar and chain**
- Lightweight and compact design reduces user fatigue
- Tool-free chain change thanks to the **quick-release system**
- Automatic chain lubrication
- **Handguard with integrated system brake** stops the chain within just a few milliseconds in cases of kickback
- Electric drive - no harmful emissions
- Lockout switch prevents accidental motor starting
- Oil level window for easy checking
- **Wrap-around front handle** for versatile use
- Includes chain guard for safe storage and transport

Max. cutting
diameter 44 cm

**SPECIFICATIONS**

Dimensions L x W x H	890 x 260 x 220 mm
Chain bar length	45.5 cm

25 CM PETROL PRUNING SAW

- High performance petrol-powered saw for tree care, treetop removal or branch trimming
- Premium-quality 10"/25.4 cm ProCut blade, 21 m/s cutting speed and 20 cm effective cutting diameter
- High-performance 0.95 horsepower/0.7 kW 2-stroke petrol engine, 25.4 cc
- Pull starter with easy start so the chain saw can be started effortlessly
- Chain brake stops the chain within just a few milliseconds in cases of kickback
- Hand guard ensures increased safety
- Automatic chain lubrication
- Compact design and a low weight of only 3.5 kg – also ideal for ongoing operation
- Anti-vibration system allows extended and more relaxed working
- Ergonomic, circumferential handle allows a variety of uses
- Robust claw stop protects the material to be cut from slipping
- Practical loop for securing on a rope or belt

material to 10% of the original volume.

Includes collection bag with
a volume of 50 litres.

25,4 CM³ LEAF BLOWER/VACUUM

- 4 in 1: vacuum, blow, shred and collect
- Powerful 2-stroke petrol engine, 0.9 kW, 1.2 hp, 25.4 cc
- Easy start engine for an effortless start
- Efficient engine with low fuel consumption
- Particularly high air speed of 72 m/s with an air output of 790 m³/h
- The shredder reduces the material to 10% of its original volume
- Lightweight and ergonomic design to reduce fatigue
- 50 L collection bag for anything that has been vacuumed or cut up
- Includes collection bag, suction and blowing tube

The **S-shaped** blowing tube ensures that the air flow is in one line with the handle. This allows effortless use.

51.7 CC BACKPACK LEAFBLOWER

- **Powerful 51.7 cc motor** provides plenty of power to handle all domestic garden tasks
- **Anti-vibration system** for fatigue-free work
- Produces an impressive **air velocity maximum 295 km/h**
- Power through your garden work with an efficient **1.4 kW motor**
- The engine is mounted on an incredibly comfortable, fully adjustable, padded and vibration dampeded backpack
- Extra flexible hose for cold weather

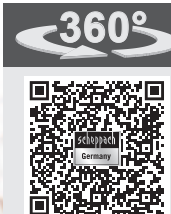

Besonders hohe
Luftgeschwindigkeit

Powerful
1.9 HP motor

1 L tank capacity

SPECIFICATIONS	
Dimensions L x W x H	1380 x 400 x 450 mm
Engine displacement	51.7 cc
Engine type	2-stroke
Air power max.	1080 m³/h
Air speed max.	295 km/h
Engine speed max.	8000 rpm
Idling speed	3500 rpm
Fuel tank capacity	1 L
Fuel mixing ratio	40:1
Output	1.4 kW

LOGISTICAL DATA	
Weight net / gross	7.9 / 9.5 kg
Packaging dimensions	430 x 290 x 580 mm

Yard

EXAMPLE OF USE

Leaves

Sand

PRODUCT DETAILS

Hohe
Luftgeschwindigkeit

295 km/h

Air power max.

1080 m²/h

Anti vibration system

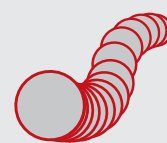

2-stroke engine
1,4 kW, 1,9 PS und 51,7 cm³

Easy start

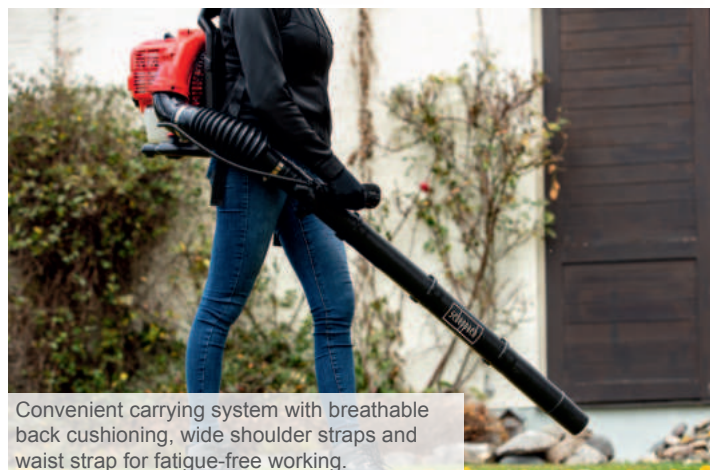

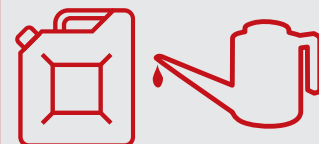

Flexible hose

Easy assembly of the different
components.

Fuel mixture 40:1

Convenient carrying system with breathable
back cushioning, wide shoulder straps and
waist strap for fatigue-free working.

The adjustable handle can be altered to
ensure a comfortable hand position.

88 CM SICKLE BAR MOWER

- Ideal for difficult terrain or slopes, e.g. orchards, fields or natural gardens
- High-performance **5.7 horsepower / 4.2 kW 4-stroke petrol engine, 196 cc**
- Quick mowing progress, thanks to extra-wide cutting width of 88 cm
- Recommended for lawns up to **3,000 m²**
- **Pull starter**
- **Cutting height adjustment from 30 – 60 mm**
- **Guide bar adjustable to 3 heights** – ensures ergonomic work
- Large wheels with terrain profile ensure excellent traction
- **Forward speed of 2.52 km/h** ensures quick progress

Lawn area

3,000 m²

Product features **BMS196-88**

- Ideal for difficult terrain or slopes
- Large wheels with terrain profile ensure excellent traction
- Quick mowing progress, thanks to extra-wide cutting width of 88 cm
- Powerful 4.2 kW / 5.7 horsepower 4-stroke petrol engine, 196 cc

Euro 5 emission standard

50 mm blade spacing

SPECIFICATIONS

Dimensions L x W x H	1265 x 920 x 1300 mm
Engine displacement	196 cc

PRODUCT DATA

Dimensions L x W x H	510 x 350 x 910 mm
Number of blades	2
Max. branch diameter	Ø 45 mm
Motor speed	4200 rpm
Motor	230 – 240 V~ / 50 Hz
Motor power	2400 W

EXAMPLES OF USE SUITABLE FOR

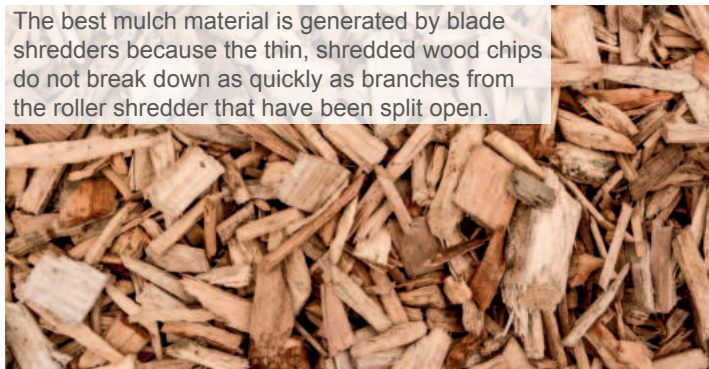

Branches

Foliage

The best mulch material is generated by blade shredders because the thin, shredded wood chips do not break down as quickly as branches from the roller shredder that have been split open.

PRODUCT DETAILS

Max. branch Ø 45 mm

Cutting speed 4200 rpm

Powerful 2400 W motor

Hoe blade diameter Ø 180 mm

2x collection bag

2 reversible blades

Pusher included for safe refilling of material to be shredded.

Simple control panel with reset button as overload protection.

Thanks to large wheels, the shredder can be transported quickly and effortlessly.

2800 W QUIET SHREDDER

- Powerful 2800 W motor
- Cuts branches with a diameter up to 44 mm
- 60 L collection box for clippings
- Including large wheels for easy transportation
- Weight 20.8 kg for a secure footing, even with heavy clippings

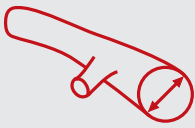

In a bed, wood chips will prevent the growth of weeds and make a great home for important insects.

Roller made of solid steel features 8 blades.

Max. branch
Ø 44 mm

WASTE WATER COMBINATION PUMP 400 W

- Powerful waste water combination pump for garden irrigation or draining pool or pond water
- Suitable for clear and waste water
- Particularly high pumping capacity of 9,000 l/h – making even large quantities of water manageable
- Robust, impact-resistant pump housing with a high-performance 400 W motor
- Maximum delivery height 6 m, maximum immersion depth 7 m
- The float switch automatically turns off when the water level is too low, thus preventing running dry. It can also be securely attached for ongoing operation
- Durable G1" and G 1 1/2" suction and pressure ports allow easy connection of conventional garden hoses
- Easy to connect, thanks to practical quick-coupling
- Pump pressure 0.6 bar
- Overload protection prevents overheating
- Practical handle allows mobile use
- Maximum particle size 30 mm
- Maximum water temperature 35 °C

Max. delivery rate
9000 L/h

EXAMPLES OF USE

SUITABLE FOR

Garden irrigation

Pond

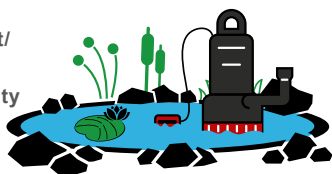

Pool

ADVANTAGES

- Suitable for clear and waste water
- For versatile uses: from garden irrigation to draining a basement/ construction trench
- Particularly high pumping capacity of 9000 l/h – making large quantities of water manageable as well

PRODUCT DETAILS

Max. delivery rate
9000 L/h

Max. delivery height 6 m

Max. water temperature
35° C

Max. submersion depth
7 m

Powerful 400 motor

Max. particle size

30 mm

Connection
(G1 ½" and G1")
using quick-coupling

Float switch
to protect from running dry

Base plate
allows dirt particles
up to 30 mm

WASTE WATER COMBINATION PUMP 750 W

- Powerful waste water combination pump for versatile uses: from garden irrigation to draining a basement/construction trench
- Suitable for clear and waste water
- Particularly high pumping capacity of 20,000 l/h – making large quantities of water manageable as well
- Rotatable base plate with suction function for shallow water – can be configured for waste water or clear water without requiring tools
- Robust, impact-resistant pump housing with a high-performance 750 W motor
- Maximum delivery height 8 m, maximum submersion depth 7 m
- Float switch for automatic shutdown to protect against running dry
- Durable G1 ½" and G1" suction and pressure ports – allow easy connection of conventional garden hoses
- 0.8 delivery pressure
- Easy to connect, thanks to practical quick-coupling
- Overload protection prevents overheating
- Practical handle allows mobile use
- Maximum particle size 30 mm
- Maximum water temperature 35° C

Rotatable
base plate

GARDEN PUMP 1400 W

- Powerful garden pump for a variety of uses: **garden irrigation, re-circulation or drainage of a pond or pool, for example**
- Robust, impact-resistant pump housing with a **high-performance 1300 W motor**
- Maximum **delivery height 48 m**, maximum **suction height 8 m**
- **Removable pre-filter** prevents damage to the pumping unit from coarse dirt
- Maximum **delivery pressure 4.8 bar**
- **Durable G1" suction and pressure ports**
- Overload protection prevents overheating
- **Easy maintenance, thanks to water release valve**
- Practical handle allows mobile use

Max. delivery rate
6000 L/h

SPECIFICATIONS

Dimensions L x W x H	450 x 230 x 280 mm
Max. delivery flow	6000 L/h

allows easy connection of conventional garden hoses

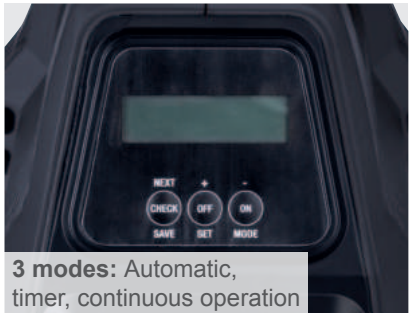

Water release valve

for easy maintenance

AUTOMATIC DOMESTIC WATERWORKS
WITH DISPLAY 1000 W

- To supply water to house and garden
- Service water from wells, water butts or water tanks, protecting resources
- Suitable for setting up external connections – e.g. for summer houses, garages or outbuildings
- Removable pre-filter ensures easy cleaning
- The pre-filter prevents damage caused by coarse dirt particles that may be in the supply pipe
- **Powerful 1000 W motor** in a compact housing
- Automatic mode with dry-run protection to ensure increased operational safety
- **Delivery volume 3800 litres per hour**
- Max. suction height 8 m, max. delivery height 36 m at max. 3.6 bar
- **LCD monitor to check and configure all pump functions**
- Lightweight, robust and easy to transport using the carrying handle
- 3 modes can be chosen: Automatic, Timer and Continuous Operation

Max. delivery rate
3800 L/h

3 modes: Automatic,
timer, continuous operation

DOMESTIC WATERWORKS 1000 W

- Powerful domestic waterworks to supply water to house and garden
- Service water from wells, water butts or water tanks, protecting resources
- Perfect for frequent use of small quantities of water, e.g. flushing the toilet
- Robust, impact-resistant pump housing with a high-performance 1,000 W motor
- Removable pre-filter prevents damage to the pumping unit from coarse dirt
- Durable G1" suction and pressure ports – allow easy connection of conventional garden hoses
- Compensation tank stores water making the domestic waterworks particularly efficient and lowering energy costs
- Maximum delivery height 44 m, maximum suction height 7 m
- Maximum delivery pressure 4.4 bar
- Integrated pressure gauge shows the current tank pressure
- Practical handle allows mobile use
- 4,300 litres/h pumping capacity
- Maximum water temperature 35 °C
- 19 litres tank capacity

Shut-off valve

Practical bracket
for the water butt

Easy to transport,
thanks to carrying handle

Integrated dirt filter
easy to clean

ADVANTAGES

- To remove water from water butts or cisterns
- Integrated and easy-to-clean fine filter
- Simple installation and operation
- 2-in-1 function: submersible pump/ Rain barrel pump

No need for tools
thanks to practical screw
fasteners

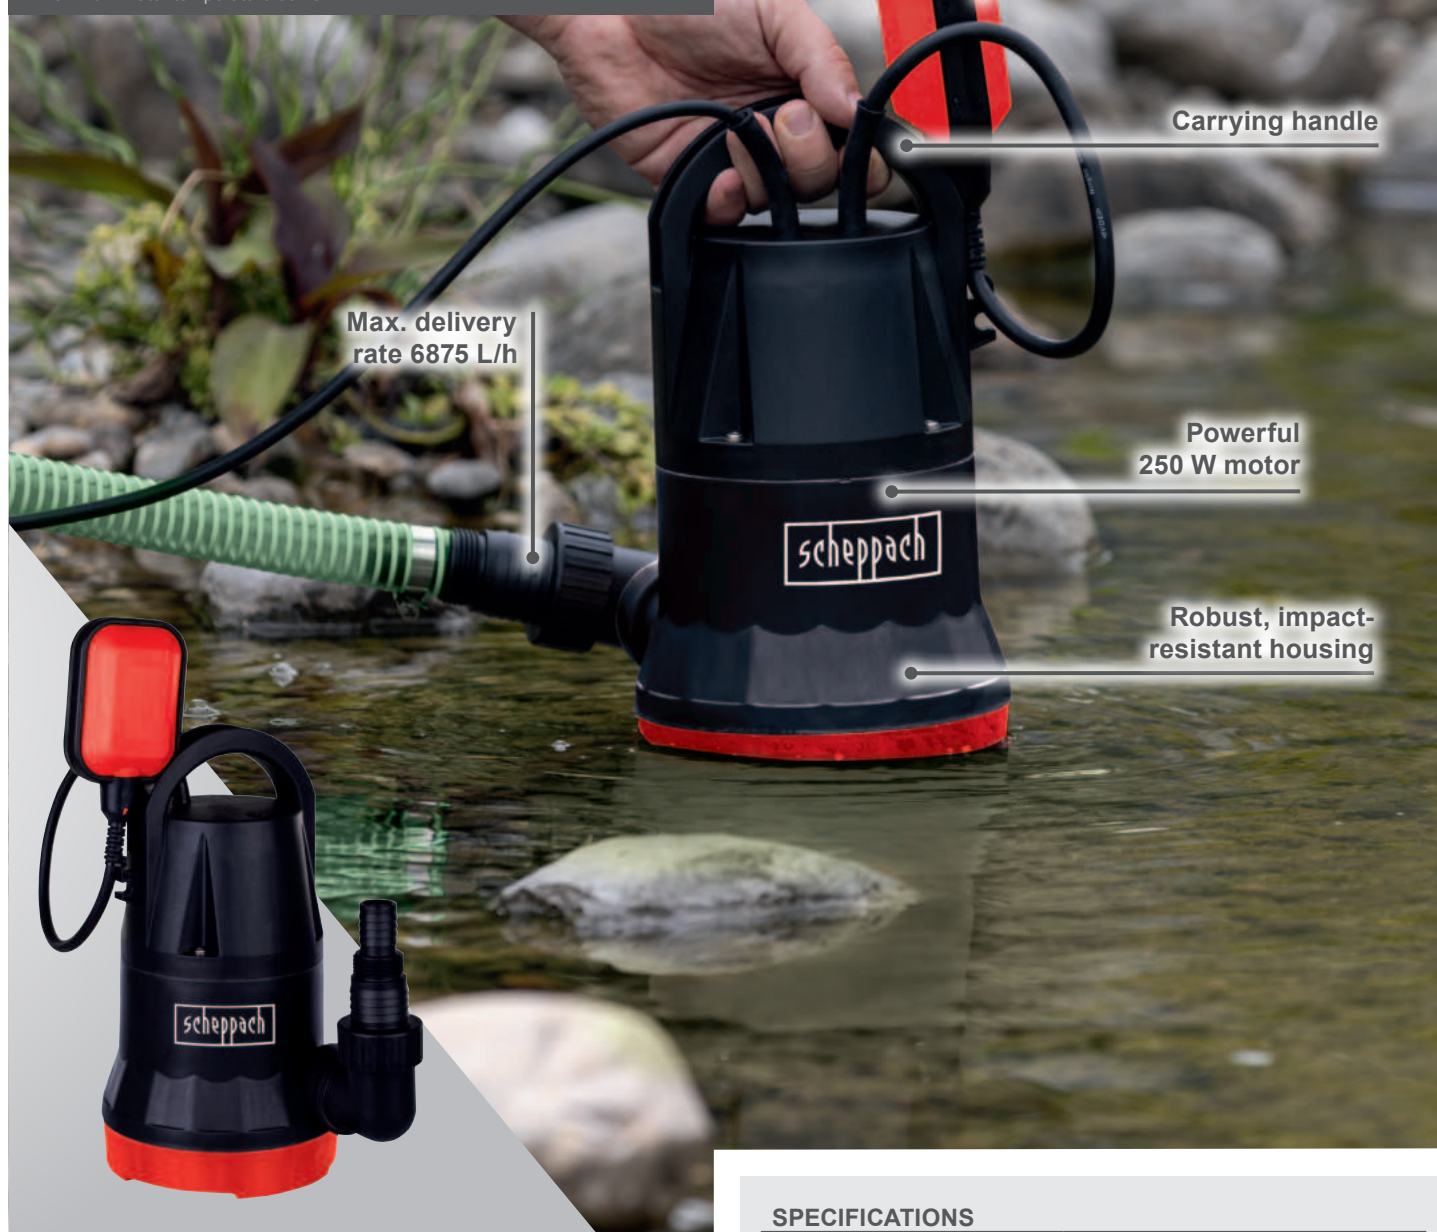

Float switch
to protect from running dry

SUBMERSIBLE PUMP 250 W

- Powerful submersible pump for garden irrigation from water tanks or water butts, saving resources
- Perfect for pumping clear water
- Robust, impact-resistant pump housing with a high-performance 250 W motor
- Maximum particle size 5 mm
- 0.6 bar delivery pressure
- Float switch for automatic shutdown to protect against running dry
- Maximum delivery height 6 m, maximum submersion depth 6 m
- Durable G1 ½" and G1" suction and pressure ports – allow easy connection of conventional garden hoses
- Overload protection prevents overheating
- Large working radius, thanks to the cable length of 10 m
- Max. delivery rate 6875 L/h
- Practical handle allows mobile use
- Maximum water temperature 35° C
